FOR IMMEDIATE RELEASE

Roth Bros. Wins Firestone Building Products' 2007 Partner in Quality Award

YOUNGSTOWN, Oh.—Nov. 19, 2007—[Roth Bros., Inc.](#) Roofing Division has been awarded Firestone Building Products Co.'s [Partner in Quality Award](#) for consistently demonstrating exceptional quality levels for roofing-system installations, maintenance, and performance.

“Firestone’s Partner in Quality award recognizes the results of our company-wide commitment to excellence,” says Tom Froelich, Executive Vice President of Roofing of Roth, the one-source national solution for organization’s roof management needs. “It’s the latest in a long line of roofing industry awards that credit us for consistently exceeding the expectations of Roofing manufacturers and customers, and outperforming the industry as a whole. We thank Firestone Building Products for this honor and recognition.”

Roth has installed and maintains over three million square feet of warranted Firestone roofs since 2002. During that time, Roth achieved the Inner Circle of Quality Award in 1993, 1995, 1997 and 2000. Quality, safety and lasting relationships are the hallmarks of all of Roth services.
