

# ROOFING DIVISION

**ROTH**

a Sodexo company

Roth Bros. was founded in 1923 by David and Abraham Roth, offering roof installation service throughout Northeast Ohio. The company experienced tremendous growth during World War II and the years following, and by the sixties Roth Bros. was recognized throughout the country as a premier roofing contractor.

Roth Bros., an approved contractor for most major roofing manufacturers, has shown its expertise in industrial plants, institutional buildings, warehouses, shopping centers, malls, and even historical landmarks. To date, Roth Bros. has installed over 30 million sq. ft. of various roofing materials.

*Roth Bros. is continually recognized for its roofing excellence, with such honors as Firestone's "Q" Award, Carlisle's "Hall of Fame" Award, and Firestone's "Master Contractor" Award to name just a few.*

Roofing is one of the construction trades most susceptible to accidents and injuries. At Roth Bros., Inc. we take safety very seriously. Roofing projects require completion on time, within budget and without interference to our customers' operations. These requirements are meaningless if they are not achieved through safe operations.

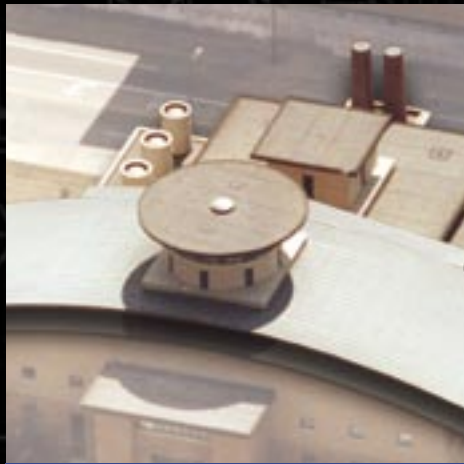

Safety starts at the top. From our president to our executive vice presidents...from our operations managers to our superintendents to our foremen, we are all committed to providing the proper procedures, controls and follow-up to assure each worker goes home safely each and every day.

At Roth Bros. we are proud of our commitment to safety and will continue to challenge ourselves to improve services to our clients.
